Assistant Professor Dr. Rupamben Upadhyay made it clear that “The school of unborn child means 'Tapovan research center' and the school of parents with the child after the birth of the child or 'Mother's school' means Shishu Paramarshan Kendra". The main speaker of the program and Hon'ble Chancellor of Children's University Prof. (Dr.) K. S. Likhia Sahib said in his speech that “There is a big difference between giving birth to a child

develop herself for its overall development”.

Hon'ble Education Minister of the State Shri Nanubhai Vanani in his motivational address said that “Every mother wants to make her child the best in health, humanity and intelligence in every way. But children's university has to give direction on what this "best" means. After the speech, the "Shishu Paramarshan Kendra" was inaugurated by Hon'ble Education Minister.
