

**Shishuparamrshan Kendra
Cleanliness Week**

15/9/18 to 29/9/18

Since the birth of Shishu Paramarshan Kendra, "Cleanliness Week" was celebrated on 18.9.2018 in one year class. Apart from the routine, children should be given the ritual of making cleanliness a part of their life from an early age by family members. Children should be involved in cleaning the house and seeds of cleanliness should be planted in them. Efforts should be made by the mother from now on to inculcate cleanliness in both behavior and thinking of the child. Through all these topics the hygiene message was given to the mothers. The mothers resolved that the cleanliness drive would not be enough for just one day or week, but for twelve months.

Why forget music where there are children. Through music, Mr. Hardekbhai and Mr. Divyaabhen reminded the mothers of Swachh Bharat by singing the song Swachh Bharat. The program was completed by showing a video clip of cleanliness.
